

ProMail

EMAIL HOSTING, FILTERING &
ARCHIVING SERVICES

WHY SHOULD I PROTECT MY EMAIL? DOESN'T MY ANTI- VIRUS DO THAT?

The answer: A critical task that all business owners must ensure is being achieved to the fullest extent possible is to prevent messages being sent with confidential, damaging or inappropriate content.

Here are a few of the many reasons a company rightfully chooses to filter the email its employees send and receive:

- Provide a safe work environment
- Prevent damage to reputation
- Prevent confidentiality and privacy breaches
- Prevent legal liability
- Add a global outgoing disclaimer easily to all users emails

POWERED BY

ProMail is your answer to reducing email storage and management costs, satisfying e-discovery and compliance needs, and protecting your business and employees.

PRODUCT FEATURES

- By adopting a software-as-a-service (SaaS) model, you virtually eliminate management burdens while ensuring safe, simple, cost-effective retention of inbound, outbound, internal, and even historical email.
- Your email network is safe: We block billions of spam, viruses, worms, and phishing threats from our customers' business environments every month.
- With a single, intuitive web-based management console, best practices come built in, and email policy updates are simple to manage across all your domains and locations, freeing up IT resources and lowering your total cost of ownership.
